MORNING SESSION

Maggie Roby - Community Outreach Coordinator/Tribal Liaison Arizona Registrar of Contractors

Maggie Roby joined the Arizona Registrar of Contractors team in May of 2019. As a Licensing Customer Service Representative Maggie excelled quickly in her role and after a short six months became Assistant Chief of the Licensing Department. Maggie helped to test our new ROC Online Customer portal and implemented many process improvement strategies to help improve the Licensing department. Most of all she enjoyed creating a fun work environment for her team with friendly competitions, focusing on recognizing her team!

After four years leading the AZ ROC Licensing Department, Maggie switched roles and has now joined the Communications & Outreach team as our Community Outreach Coordinator and Tribal Liaison. Maggie is eager to start communications with Arizona's 22 Tribal Nations and continues to work with communities to provide information regarding the Registrar. Her latest task is promoting and helping to host the 4th Annual Construction Science Technology Apprenticeship Fair with the Arizona Diamondbacks.
